

PRAYER FROM PROTESTANT UNIVERSITY IN CONGO FOR CONGO WEEK 2024

Eternal God Almighty who knows all things. We want to pray for the Democratic Republic of Congo. Our country is torn apart by war and violence causing great misery for the population.

Lord, we ask you to give us peace in our body, mind and soul. We beg you to bring to our country a peace that can only be found in you.

Lord, you are the God of love and mercy. We pray to you for those who suffer the consequences of war and violence. Give them your consolation.

Lord, in your infinite goodness bring them physical and mental healing. Also give your wisdom to those who govern your people so that they may walk in your fear.

Lord, make us agents of peace so that we bring to the men, women and children your forgiveness and reconciliation

Amen!
